

DHI-ARA22-W

Wireless Keyfob

Features

- Away Arm/Stay arm/Disarm/SOS
- LED indicator
- FSK, OOK modulation modes
- 433MHz/868MHz
- Low consumption, current under sleep < 10nA
- Battery voltage detection
- 128 bit AES encryption algorithm
- CE, FCC, MABISZ

Technical Specification

Model	ARA22-W
Number of keys	4 keys
Working voltage	1.8
Frequency	433/868MHz
Transmit power	+10dBm
Transmit distance	80m(open area/no interference)
Standby current	≤10nA
Work current	20mA
Power	1 × CR2450
Temperature&Humidity	-10 C~55 C, <95%
Dimension	62*30*14mm
Weight	<20g
